

RAPSODY R29

The Rapsody R29 is a stylish and sporty motorboat that beautifully combines comfort, performance, and timeless design. With a length of no less than 10.65 meters, an elegant V-hull, and a modern gray hull combined with mahogany windows, this Rapsody is a striking sight on the water. Rapsody is known for its Dutch craftsmanship, high-quality finish, and attention to detail. The R29 is no exception and offers a particularly appealing combination of sporty handling and comfortable living on board.

The cockpit features comfortable round seating, a cockpit table, and a teak deck. Thanks to the sprayhood and cockpit cover, the cockpit can also be easily enclosed, allowing you to sail in shelter even in less favorable weather conditions. At the stern is a spacious swim platform with a swim ladder, ideal for a refreshing dip or for easily boarding the boat. There is also an outdoor shower.

Inside the cabin, you'll find a warm and modern interior with wood trim and light-colored upholstery. The cabin offers a comfortable living space with a headroom of approximately 1.65 meters and sleeping accommodations for two. With a 100-liter fresh water tank and a separate 40-liter holding tank, practical comfort has also been taken into account. This makes the Rapsody suitable not only for delightful day trips but also for multi-day boating vacations.

Power is provided by a Volvo Penta D3 engine, with an output of 200 pk, combined with a Duoprop stern drive. This gives the R29 sporty performance and a top speed of approximately 23 knots. The electric bow thruster also makes maneuvering while docking much easier. The boat is also well-equipped in terms of navigation and electronics, including a Garmin GPS, chartplotter, and log/speedometer. The electric anchor winch, battery charger, and shore power connection round out the equipment.

This Rapsody R29 “Tenderloin” is an exceptionally well-equipped and versatile motorboat for those who want to combine sporty performance with comfort, space, and a stylish appearance. An excellent choice for both leisurely day trips and longer stays on the water.
