

LILYBAEUM LIPARI 31

Meet the all-new Lipari 31! This Lilybaeum follows the same philosophy and elegant lines as the now famous Levanzo 25 but features extra space. For example, the Lipari 31 is characterized by a windward bow which allows the boat to sail completely dry, even with lots of wave action, and a stable underwater hull. This Lilybaeum can be equipped with engines of up to 700 hp and reaches a top speed of 45 knots. Standard features include an electric windlass, luxurious upholstery, Flexiteak on the gangways, an electric toilet under the console, a stern shower, etc.

There is a round seat in the bow and a generous sun bed in the back of the cockpit. The "wet-bar" is equipped with a sink and has room for no less than two cowl cabinets and even a stove. At the rear of the console is the entrance to the wet-bar with standing height, electric toilet and sink. Forward is the possibility for double bed.

This Lipari 31 is available with 2x 250hp for ??? 258,000 including VAT. Ask our brokers for more information.
