

BREEDENDAM MTB 31 GOLD LINE

The Breedendam MTB 31 Gold Line “Moana” is an exceptionally stylish motor yacht that beautifully combines classic lines, high-quality craftsmanship, and excellent handling characteristics. The retro-classic design of the MTB series is inspired by the elegant Motor Torpedo Boats of the 1920s and is a defining feature of the Breedendam concept.

With a length of 9.90 meters, a shallow draft of just 80 cm, and a powerful 210 pk Volvo Penta diesel engine, “Moana” is ideal for both leisurely day trips and comfortable weekends on the water. The open cockpit features a spacious round seating area with a cockpit table, creating a wonderful spot to enjoy the outdoors with family or guests. Thanks to the sprayhood with a full-length aft awning, the cockpit can also be completely enclosed, significantly extending the boating season.

A great deal of attention has also been paid to comfort on board. The warm, classic interior features a salon and cabin with a fixed berth for two people, a practical galley with a gas stove, oven, and electric refrigerator, a wet room with an electric toilet, and an outdoor shower. The 100-liter water tank, 60-liter holding tank, and Webasto hot-air heating system make the boat suitable for a comfortable stay on board.

What makes this Breedendam extra special is the exclusive Gold Line version. All hardware is titanium-gold coated, including the exterior fittings, those around the helm,

and the controls. Combined with the classic color scheme, the teak deck, and the high-quality finish, this gives the boat a distinctive and luxurious look.

The Volvo Penta engine delivers 210 pk and propels the MTB 31 to approximately 23 knots, with a comfortable cruising speed of approximately 16 knots. The electric bow thruster, QL interceptors, 400-liter fuel capacity, three batteries from 2025, and shore power ensure a comprehensive and practical set of features. With its combination of classic allure, sporty performance, and comfortable accommodations, this Breedendam is a standout choice for enthusiasts of characterful motor yachts.

DETAILS
