

NORTH-LINE 800

This sturdy and very solidly built tender is the ultimate combination between a sloop for quiet day trips and a solid sports boat to sail quickly to the Wadden Islands or cross the IJsselmeer in heavy weather. This Northline is propelled by 2 powerful Volvo Penta's of 130hp each which gives the boat a top speed of approximately 28 knots. North-Line is known for its extremely solid and high quality ships. The "Nelson" is no exception. This robust tender is characterized by strong fiberglass hull, thick teak decks and solid finish with rubber bumper and elegant, high-gloss lacquered, teak finish. In 2020, all of the boat's electronics were replaced and equipped with Lithium batteries, powerful inverter, Simrad navigation system with VHF radio and a new electric toilet, among others. In 2024 the boat was equipped with a new spray hood and aft tent.

DETAILS
