

RAPSODY 29 FT. OC-F

A particularly beautiful example of the beloved Rapsody 29 Ft. OC-F, designed by Vripack and built by Rapsody Yachts. This stylish motorboat combines classic Dutch yacht building with a surprising level of comfort and excellent handling characteristics. With its distinctive blue hull, beautifully varnished woodwork, teak, and spacious open cockpit, this yacht immediately exudes a special charm.

What makes this Rapsody particularly appealing is its exceptionally well-maintained condition. The boat looks stunning and has clearly been cared for with great attention. Recent upgrades include a new cockpit canopy, new upholstery, and new mattresses. A great deal of attention has also been paid to the vessel's technical aspects, including major engine maintenance and the replacement of the propeller shaft. As a result, "In Blue" offers a particularly attractive combination of style, comfort, and technical care.

On deck, the spacious open cockpit invites you to enjoy long, relaxing days on the water. The cockpit features comfortable seating, a cockpit table, and a teak deck, and can be enclosed with the canopy when the weather calls for it. The helm station is located outside and is equipped with a steering wheel, Raymarine navigation equipment, and an electric bow thruster. With a draft of just 65 cm and a clearance height of approximately 1.75 meters, this Rapsody is also ideally suited for Dutch waters.

Inside, you'll find a warm interior with a comfortable seating area, galley, electric toilet, and sleeping quarters. The combination of the distinctive woodwork and the updated upholstery gives the interior a well-maintained and contemporary look. With permanent sleeping accommodations for two people and additional sleeping space, the boat is perfectly suited for delightful weekends and longer trips.

The 120 pk VW Marine five-cylinder diesel engine provides more than enough power and propels the Rapsody to a speed of approximately 13 knots. The combination of a relatively shallow draft, practical dimensions, and a powerful engine makes her highly versatile: from leisurely cruises across the Frisian lakes and Dutch inland waterways to longer voyages where speed and comfort are desired.

The Rapsody 29 OC-F is a model that has retained its appeal over the years. Vripack's timeless lines, the use of wood and teak, and the characteristic open cockpit ensure that she still stands out on the water.

"In Blue" is the perfect boat for the enthusiast who is not just looking for a motorboat, but a stylish and fully equipped yacht that's ready to hit the water right away. Its excellent condition, recent investments, and stunning appearance make this a particularly interesting example. We therefore invite you to come aboard and experience this Rapsody 29 Ft. OC-F for yourself.

DETAILS
