

RAPSODY TENDER

The Rapsody Tender is an elegant and spacious yacht, built for speed and class. The underwater hull is designed to be fast, but safe and without a spray. This, combined with a strong Volvo Penta diesel engine, creates a top speed of 34 knots. The latest marine technologies are applied on the Rapsody Tender. For example, Rapsody worked closely together with Volvo Penta to implement their new battery management system. With this system it is possible to make your Rapsody ready to sail with a single push on the remote controle. Much attention is also paid on the interior of the Rapsody Tender. There is a royal toilet area in the console. At the back as well as the front there is the option to create sunbathing areas. The Rapsody Tender is also equipped with two refrigerators as a standard feature to keep your drinks cold. Another detail is the barista-coffee bar which is placed at the side of the Tender so every morning will be a joy on the water.

DETAILS

Brand / model	Rapsody Tender
Category	Speed- and Sportsboats
Price	sold
L x W x D	9.05 m x 2.65 m x 0.65 m
Engine	300 hp Volvo Penta Diesel
