

VAN VOSSEN TENDER 595

Step aboard this Van Vossen Tender 595 and experience how contemporary design, comfort and sailing characteristics come together in one stylish sloop. This tender is built for enthusiasts looking for more than just sailing: it is an experience on the water. Thanks to the sleek lines, luxurious finish and high-quality materials, the boat exudes class and exclusivity, while the practical design ensures carefree enjoyment during every cruise.

The boat is from June 2025 and is in as good as new condition. With only minimal running hours, this tender has barely been run in and is ready for many carefree seasons. The combination of a stable V-bottom and aluminum hull guarantees comfortable cruising, low maintenance and excellent durability. The reliable Suzuki 20 hp outboard engine offers quiet, fuel-efficient and trouble-free performance - ideal for both leisurely touring and smooth travel on inland waterways.

What really sets this Van Vossen apart is the attention to detail. The chic color combination gives the boat a modern and luxurious look, while the diamond-stitched upholstery immediately evokes the feeling of a high-end yacht. The spacious cockpit invites cozy days on the water with family or friends, and thanks to the thoughtful layout, boarding and moving on board is especially comfortable.

This tender is perfect for those looking for an almost new boat with no wait, with the look and quality of a premium brand. A viewing will immediately confirm what words can only describe: this is a sloop you must have seen and felt.

This tender is delivered without trailer. Viewings by appointment.
