

VENEGY V37

The new Venegy 37 combines the latest developments in hull shape, durability, and performance. The interior of the Venegy 37 is sleek, modern, and very functional. In the development of the Venegy 37, we worked together with Vripack Yacht Design. The Sneek-based company belongs internationally to one of the major players in the field of yacht design.

The Venegy 37 is characterized by a unique wheelhouse, which has a 360-degree panoramic view with safety glass, which provides maximum vision and safety. The designed hull is revolutionary and has beautiful curves and an ultra-stiff construction. The underwater hull with the patented Petestep technology ensures a higher top speed and 12% lower fuel consumption.

The contemporary and exceptionally stylish interior is given a warm and tough look by the use of high-quality luxury fittings. The beautiful upholstery, the high-quality leather, and the stylish details make the interior come together beautifully. The front of the ship offers headroom and has a spacious double bed. To starboard, under the steering position, there is a wet room with an electric toilet and shower.

The Venegy 37 is equipped with everything you need to make your stay onboard a fantastic experience. The ship is equipped with a spacious sun deck, a stern shower, an outdoor kitchen with grill, and a spacious outdoor seating area. The Venegy 37 has a

number of special features, such as a special roof construction above the steering position in which a sliding roof system is integrated. The Venegy 37 can be equipped with Volvo Penta's Joystick Docking system, which makes mooring easier and safer, and the cockpit and underwater hull are equipped with dimmable LED lighting to create a unique and relaxed ambiance. For the anchor, a special electric sliding system has been created.

The Venegy 37 delivers impressive performance. The yacht is propelled as standard by two powerful Volvo Penta D3-220 5-cylinder dieselm otors that guarantee top performance on the water. The m otors offer high reliability, low fuel consumption and low maintenance costs. Optionally, the Venegy 37 can be supplied with 2x a 340 hp Volvo Penta D6 dieselm otor or 2x a 380 hp Volvo Penta D6 dieselm otor. Also 2 electrom otors are available on order. The top speed is 38+ kts.
